Keith Imon
Associate Superintendent
for Communications and Technology Services
Prince William County Public Schools
Manassas, VA

Dear Mr. Imon:

I am writing to you in support of Mr. Keith Reeves and to speak to his credentials as an excellent ITRT here at Battlefield High School. Mr. Reeves is one of the most motivated and captivating professionals I have encountered in my career in Prince William County. He is a great collaborator, problem solver in the classroom and beyond. Therefore, I highly recommend him to the position of Supervisor of Instructional Technology for Prince William County Public Schools.

As a long time teacher here in PWCS, I have worked with many ITRT's, Mr. Reeves has proven himself to be an outstanding professional educator, and fully embraces his place as a teacher leader in our school. Mr. Reeves' analytical skills and forward thinking sets him far above the rest. As you can see from his website, Mr. Reeves is a highly accomplished man. In fact, the proof of his website alone shows how accomplished he is with every modern advancement in technology. Mr. Reeves is currently working on several pilot programs to purchase Kindle's and CRUZ readers that directly affect students with learning disabilities here at Battlefield. This shows his desire to make technology accessible and beneficial for all students.

It is my opinion that Mr. Reeves would make an excellent Supervisor of Instructional Technology. He believes in the fundamental principles that guide a solid public education. Over the past years that I have know Mr. Reeves he has shown to be instrumental in crafting policies and programs to conserve resources here at Battlefield High School.

Mr. Reeves continues to impress me with his knowledge, skill and dedication to his work. I'm sure you will find him to be an ardent supporter and innovator with PWCS policies in education. Feel free to contact me if you require further information.

Sincerely,

Jamie J. Marsh
