December 22, 2010

Dear Mr. Reeves,

We appreciate your engaging message for our audience of future educators at the 2010 TSTT Technology Conference. Students were able to make connections based on their prior knowledge of the material. Many of them were talking in the student meetings last week about how schools could improve instruction for high school students through the use of social networking, text-messaging, and video equipment.

Again, thank you for taking time out of your busy schedule to be with us. I look forward to working with you again.

Sincerely,

Christa Clore-Edmonds
