To Whom It May Concern:

Until recently, I was the Substitute Coordinator and Secretary to the Activities Director at Battlefield High School where I was a colleague of Keith Reeves since his arrival in 2006. I began working at Battlefield High School when it opened its doors for the first time in 2004.

It has been a very gratifying experience to work with Keith for the past 3 years. His remarkable attitude, as he greeted me each morning, set a positive tone for the day. He is one of the most knowledgeable people I know – on any number of subjects. His willingness to lend a helping hand to anyone and everyone is unsurpassed.

I have seen Keith's work in various areas of the school – from running computer labs and teaching students, and improving technology for employees, to building and upgrading our website, to forging new systems from the ground up, to taking a leadership role in our technology sector. His innovative ideas and expertise in the execution of those ideas are a great benefit to any institution that is fortunate enough to call him a colleague.

Keith Reeves is definitely destined for bigger and better things in his career. I feel privileged to be able to call him my friend and wish only the best for him in his future endeavors. He is a consummate professional and will be a fantastic administrator. It is rare to find a person who possesses the whole package, phenomenal personality, extreme knowledge of all pertinent subject areas and the skills to convey that knowledge in a way that is easily comprehended. Keith Reeves is the whole package.

Sincerely,

Judith C. McClelland
